**DE** Im Mittelpunkt aller Maßnahmen und Aktivitäten unseres Hauses steht der Kunde. Ihm gehört unsere ungeteilte Aufmerksamkeit. Seine Wünsche, Ansprüche und Anforderungen sind für uns eine tägliche Herausforderung. Deshalb ist die absolute Kundenorientierung für uns oberstes Prinzip. Sie prägt unsere Geschäftspolitik und ist uns stets ein Ansporn für das Handeln und Denken unserer Mitarbeiter. Seit 1976 sind wir erfolgreich in der Medizinbranche tätig und wir möchten dies auch in der Zukunft sein. Deshalb haben wir uns bereits heute für morgen gerüstet. Mit der Optimierung des Bewährten, mit innovativen Produktbereichen und Produktfamilien, mit modernisierten und aktualisierten Verfahrensabläufen, mit neuen Gedanken und engagierter Einsatzfreude. Davon möchten wir Sie überzeugen.

**EN** The center of all our activities is the customer. They are our aim and deserve our unlimited attention. Their wishes, demands and requirements are our day to day challenge. Therefore, customer service is our number one priority. It effects our business policy and is a permanent task for every member of the DIMEDA team. Since 1976, DIMEDA has successfully distributed high quality medical products and we intend to continue with our high standards in the future. In order to do so, we are preparing ourselves today for the demands of the future. This means a permanent optimization of standards, establishment of innovative products, introduction of modern processes, realization of innovative developments and motivation of people and customers. We would like you, the customer, to know how serious and dedicated we are to you.

**FR** Le client est au centre de toutes les opérations et activités de notre maison. C'est sur lui que se porte notre entière attention. Ses souhaits, demandes et exigences sont pour nous un défi quotidien. C'est pourquoi nous avons pour principe suprême une orientation totale vers le client. Cette orientation marque fortement notre politique commerciale, nous pousse à agir et à penser à celui que nous considérons comme "collaborateur". Depuis 1976, nous évoluons avec succès dans le secteur médical et nous aimerions faire de même dans le futur. C'est pourquoi dès aujourd'hui nous nous sommes préparés à demain tout d'abord en optimisant l'existant, en innovant ensuite notre gamme de produits, en modernisant et en actualisant les procédés de fabrication, avec des idées nouvelles, une vraie joie d'entreprendre. Nous voudrions vous en convaincre.

**ES** El objetivo de nuestras actividades y esfuerzos es la satisfacción de nuestros clientes. A ellos dedicamos toda nuestra atención. Sus deseos, demandas y requerimientos constituyen nuestro reto diario. Por eso, el servicio al cliente es la premisa de nuestras actividades, marca nuestra política empresarial y representa un constante estímulo en las tareas de todos los empleados de DIMEDA. Desde 1976 trabajamos con éxito en la distribución de productos médicos y nuestro firme propósito es superar este éxito. Por ello, nos hemos preparado ya para el día de mañana. Optimizamos estándares acreditados, establecemos productos innovativos, introducimos procesos modernos y nuevas ideas con personal motivado y comprometido. ¡Déjenos convencerles!

**IT** Al centro delle nostre attività e del nostro impegno c'è il cliente. A lui dedichiamo tutta la nostra attenzione. Soddisfare le sue richieste, le sue aspettative e i suoi desideri è per noi una sfida quotidiana. Dare priorità assoluta alle esigenze del cliente è conseguentemente la nostra regola principale. Essa caratterizza la nostra politica aziendale e rappresenta un riferimento costante per programmi e azioni di tutti i collaboratori di DIMEDA. Dal 1976 lavoriamo con successo nel campo dei prodotti medicali e vorremmo continuare a farlo anche per il futuro. Futuro che già oggi stiamo preparando con il costante miglioramento dei prodotti già sperimentati, con la messa a punto di nuovi gruppi di prodotti e di nuovi campi di impiego con la revisione e la modernizzazione delle procedure, con la passione, la competenza, l'esperienza, l'impegno e le idee innovative dei nostri collaboratori. Vorremmo potervi vincere di tutto ciò con i fatti.

**IT** Il nostro catalogo comprende oltre 15.000 strumenti standard specifici per ogni campo della medicina umana, dentale e veterinaria. I nostri settori principali sono: chirurgia generale, chirurgia ossea, neurochirurgia, oftalmologia, O.R.L., endoscopia, urologia, ginecologia e gruppi di prodotti collegati a questi. In stretta collaborazione con clienti, esperti e scienziati di tutto il mondo stiamo continuamente ampliando e completando la nostra offerta adattandola allo stato dell'arte, e ai bisogni e alle richieste del mercato.

**DE** Alle Instrumente und Geräte aus unserem Sortiment werden von geschulten und erfahrenen Fachkräften mit handwerklichem Geschick und dem Einsatz modernster Maschinen und Anlagen hergestellt. Dabei kommen nur Materialien zum Einsatz, die den allgemeinen Vorschriften sowie unseren besonders hohen Qualitätsstandards genügen. Unser Qualitätsmanagement ist keine leere Worthülse. Es ist ein wichtiger Bestandteil unserer langfristigen Unternehmensstrategie, in die jeder einzelne Mitarbeiter eingebunden ist und die von einem Wir-Gefühl getragen wird. Unabhängig vom jeweiligen Arbeitsplatz fühlt sich jeder für die Einhaltung der Qualität verantwortlich und handelt danach. Konsequente Produkt- und Verfahrensprüfungen gewährleisten einen gleichbleibend hohen Qualitäts-Standard und sind somit wichtige Grundlage für unser weiteres Wachstum. Die Zertifizierungen nach ISO 9001 und EN 46001 sind für uns genauso selbstverständliche Rahmenbedingungen wie die MPG- und GMP-Konformität.

**EN** All Instruments and devices are manufactured and checked by trained and experienced personnel, using state of the art machines and technologies. Only materials that meet the general requirements for medical devices and our own high level specifications are used. Our quality management system is not just a word or document. It is a very important part of our long term business plan. Every employee of DIMEDA is incorporated into this philosophy. The feeling of "WE" as DIMEDA holds them responsible for the quality, no matter what their function is. Permanent product and system audits guarantee a continuously high level quality standard and are the basis for our further growth and development. Certification according to ISO 9001, EN 46001 and MDD is standard. GMP (Good Manufacturing Practices) in accordance with the FDA are continually followed and updated.

**FR** Tous nos instruments et appareils sont fabriqués par une main d'oeuvre formée et expérimentée, faisant preuve d'un savoir-faire artisanal associé aux machines et aux installations les plus modernes. Il va de soi que pour un résultat optimal, nous utilisons seulement des matériaux qui satisfont la réglementation générale et répondent à des standards de qualité particulièrement élevés. Notre management de la qualité n'est pas un vain mot. Il est au contraire un composant essentiel de notre stratégie d'entreprise à long terme, dans laquelle chaque collaborateur est impliqué et qui est marquée par un fort sentiment d'appartenance. Chacun se sent responsable et chacun agit pour le respect des normes de qualité, et ce, quelque

soit le poste de travail. Les contrôles des produits et des procédés de fabrication garantissent un niveau élevé de qualité toujours égal et ils sont aussi la base de notre croissance continue. Les conditions préalables à la réussite de notre management qualité sont bien évidemment d'être certifiés ISO 9001 et EN 46001 et de se conformer au GMP (good manufacturing practice) et MPG.

**ES** Todos nuestros productos son fabricados por personal especializado y experto con máquinas e instalaciones modernas. En la fabricación sólo se utilizan materiales que cumplen las normas vigentes para instrumental médico y nuestras propias especificaciones de alta calidad. Nuestro sistema de control de calidad no es un concepto vacío. Este sistema constituye un pilar de nuestra estrategia comercial. Todos y cada uno de los empleados de DIMEDA se identifican con esta filosofía; cualquiera que sea su función en la empresa, todos se sienten responsables de su aplicación. Los controles permanentes de los productos y de los sistemas garantizan un alto nivel constante de calidad y son la base de nuestro crecimiento. La certificación según ISO 9001 y EN46001 constituye algo tan natural para nosotros como el cumplimiento de las normas MPG y GMP.

**IT** Tutti gli strumenti ed apparecchi del nostro assortimento vengono fabbricati da tecnici istruiti ed addestrati dotati di provata esperienza e con l'uso delle più moderne macchine ed attrezzature. Per la produzione vengono utilizzati solo materiali di alta qualità conformi alle norme vigenti ed ai nostri standards di qualità particolarmente restrittivi. Per noi "Sistema di Gestione della Qualità" non è una espressione vuota, ma l'elemento centrale nella strategia della nostra impresa. Ogni collaboratore, indipendentemente dalla funzione svolta, si identifica con la nostra filosofia, si sente responsabile della qualità dei nostri prodotti e agisce di conseguenza. Controlli sistematici su processi di produzione e sui prodotti assicurano il mantenimento di un alto livello di qualità e sono la base per il nostro miglioramento continuo. Ovviamente la certificazione del sistema qualità secondo le norme ISO 9001 e EN 46001 e la conformità alle norme MPG e GMP sono requisiti necessari.
